

Athletic Activity Bus

The Bermudian Springs School District operates two activity buses during the school year to transport students remaining at school for activities scheduled after the normal school day. The buses leave the middle school at 5:30 PM during fall, winter and spring sports. One travels to the York Springs area and the other to the East Berlin area. The buses travel only the routes listed and stop along these routes to drop students as near to their homes as possible. A summary of the two routes is given below. Only those students participating in an event may ride the activity bus. Middle school students remaining at school to watch an athletic event MUST PROVIDE THEIR OWN TRANSPORTATION HOME.
