

**NO CHILD LEFT BEHIND**

The federal requirements of NCLB stipulate that all students be proficient in reading and math by the year 2014. Progress toward this goal is measured on an annual basis in PA by the PSSA which is administered to all students in grades 3-8 and 11. Bermudian Springs School District has demonstrated adequate yearly progress (AYP) for the fourth year in a row. We attribute our yearly gains to rich curriculum offerings, sound teaching practices, remediation efforts, a focus on using data to improve instruction, a dedicated staff, and a community that supports our efforts.
