

Health and Safety Plan Summary: Bermudian Springs School District

Initial Effective Date: July 1, 2021

Date of Last Review: September 12, 2022

Date of Last Revision: September 12, 2022

1. **How will the LEA, to the greatest extent practicable, support prevention and mitigation policies in line with the most up-to-date guidance from the CDC for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning?**

In order to prevent and mitigate the spread of COVID-19, the District will follow the most recent CDC, PA Dept of Health, and PA Dept of Education guidance for the reopening and operation of school facilities, to the greatest extent possible. First and foremost, to prevent the spread of disease, staff and students will be encouraged to stay home when not feeling well.

This Health and Safety Plan (2021 and beyond) was created based on our local context, in consultation with District staff, incorporates science and best practice guidance. The plan prioritizes the health and safety of students, employees, and families.

The District Health & Safety Team, created in May 2020, will continue to meet as needed to review local health data and guidance provided by the CDC, PA Dept of Health, and PA Dept of Education. The Team will review the current prevention and mitigation strategies as related to health and safety preparedness, response, and plan implementation. Recommended changes will be presented to the School Board in public session for consideration and action. The most recent copy of the district's Health and Safety Plan is posted to the district website.

2. How will the LEA ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services?

BSSD decisions regarding continuity of services will be guided by our commitment to the following:

- Ensure a high-quality education.
- Make decisions that ensure equity across all buildings and students.
- Prioritizes the social-emotional well-being of students and staff; and
- Develop an instructional model that is agile and flexible.

Academic Needs

BSSD staff will address students' academic needs by:

- Assessing and monitoring student readiness and learning gaps using a variety of tools including, but not limited to Fountas & Pinnell Benchmark Assessments, Math Benchmark Assessments, CDT (Classroom Diagnostic Tools), PSSA and Keystone data, and formative assessments.
- Implementation of iReady web based adaptive diagnostic assessment and resources for math and literacy.
- Implement services and supports to address learning gaps through instructional support for students, small group instruction, and differentiation, individualizing, and personalizing instruction while providing a variety of ways for student to demonstrate their learning.
- Provide synchronous and asynchronous instruction to students in quarantine/isolation due to the pandemic.

Student and Staff Social, Emotional, and Mental Health

During the 2021-22 school year, student and staff social, emotional, and mental health was monitored through referrals to the building-level child-study teams, student assistance program, visits to school counselor and our behavioral health partner, school nurses, as well as personal contact with all students in all buildings. We also provided in all building school-based outpatient services through our partnership with PCBH and expanded our PBIS approach in Grades K-8.

Our plan for the 2022-2023 school year is to continue with our Second Step Program, PBIS, and access to our counselors, SAP counselors, as well as the counselors from PCBH.

Food Services

We will comply with the latest through the National School Lunch Program and services. It is important to note that the federal program that provided free lunches to all students is no

longer available for the 2022-23 school year.

3. Use the table below to explain how the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC.

ARP ESSER Requirement	Strategies, Policies, and Procedures
a. Universal and correct wearing of masks ;	<ul style="list-style-type: none"> • Face coverings are optional for students, staff, and visitors in Bermudian Springs School District facilities and while on District property. • Any student, staff member or visitor who wishes to wear a face covering will be permitted to do so while in the buildings or on Bermudian Springs School District property. • Masks will be optional on school district buses for Bermudian Springs School District students
b. Modifying facilities to allow for physical distancing (e.g., use of cohorts/podding);	<ul style="list-style-type: none"> • All classroom spaces will be permitted to utilize classroom furniture of their choice to meet the educational needs of students.
c. Handwashing and respiratory etiquette ;	<ul style="list-style-type: none"> • Staff will be receive updates/reminders regarding healthy hygiene practices in order to instruct students in proper practices • Posters and signs will be displayed throughout the school to remind students to perform hand hygiene. • Students and staff will be provided access to facilities with soap and water to wash hands per CDC guidelines after using the restroom, sneezing, coughing, blowing of their nose and before and after eating. Sanitizers with the recommended 60 percent of alcohol are available in classrooms, cafeterias, hallways, and other public spaces.

Commented [1]: New

	<ul style="list-style-type: none"> • Ensure adequate supplies (e.g., soap, paper towels, hand sanitizer, tissue) to support healthy hygiene practices. • Posters and signs will be displayed throughout the district buildings on how to stop the spread of COVID-19 (Cafeterias, Restrooms and other high traffic areas).
d. <u>Cleaning</u> and maintaining healthy facilities, including improving <u>ventilation</u> ;	<ul style="list-style-type: none"> • Classrooms will be disinfected weekly using our electrostatic machine and we will ensure our bus contractors also disinfect their busses routinely. • Increase ventilation through in intake of outdoor air, use of fans, and the regular servicing and maintenance of district HVAC systems.
