INTRODUCTION

The Pennsylvania Core Standards challenge students in grades 11 and 12 to be able to understand and analyze substantive, complex expository works of literary nonfiction as well as a diverse spectrum of stories, poems, plays, and novels such that they can produce ample amounts of evidence to support inferences. Students also perform a variety of complex reading tasks focused on recurrent themes in American and British literature and foundational works of political philosophy, from grasping the subtleties of an author’s point of view to perceiving when a text leaves matters ambiguous. Students become skilled at determining how multiple themes or ideas combine and intertwine to produce a complex narrative or explanation as well as evaluating the premises, arguments, and rhetoric present in seminal texts from the American and British literary canon. English/Language Arts - Long Term Transfer Goals

Bermudian Springs School District has adopted Pennsylvania Department of Education’s five essential transfer goals that highlight the effective use of understanding, knowledge, and skills in order to prepare students to be college and or career ready. The overarching goals focus specifically on what we want students to be able to do when they confront new challenges both in and outside of school.

Students will be able to independently use their learning to:

1. Comprehend and evaluate complex texts across a range of types and disciplines.
2. Be a critical consumer of text and other media to recognize, understand, and appreciate multiple perspectives and cultures
3. Produce writing to address task, purpose, perspective, and intended audience; research and gather evidence to create a clear and coherent message.
4. Communicate effectively for varied purposes and audiences.
5. Listen actively to engage in a range of conversations, to analyze and synthesize idea and positions, and to evaluate accuracy in order to learn, reflect, and respond.
