BERMUDIAN SPRINGS SCHOOL DISTRICT Sixth Grade PA Core Standards Math Curriculum Map

	Α	Aug.			Sept.					Oct.					Nov.						Dec.				Jan.					Feb.				Mar.					Apr.					N	May		
UNIT/Week		1	2	3		4	5	6	7	8	9	1	0	11	12	13	3 1	4	15	16	17	18	19	20	0 2	21	22	23	24	25	26	27	28	3 29	3	0 3	31	32	33	34	35	30	5 3	37	38	39	40
Statistical Variability, Summarize and Describe Distribution (25-30Days)																																											Ì				
Four Operations with Multi- Digit Numbers, Find Common Factors and Multiples, Rational Numbers (35-40 Days)	I																																														
Quantitative Relationships Between Dependent and Independent Variables (20-25 Days)																																															
Multiplication and Division to Divide Fractions by Fractions (30-40 Days)																																															
Real World and Mathematical Problems Involving Area, Surface Area and Volume (20- 30Days)																																															
Extend Arithmetic to Algebraic Expressions, One-Variable Equations and Inequalities (40-45 Days)																																															
Ratio concepts and Ratio Reasoning to Solve Problems (15-20 Days)																																															
Pre-View Standards (10-15 Days)																																															

Board Approved 8-13-13 REV Dec. 2013

Numbers and Operations

Algebraic Concepts

Geometry

Measurement, Data and Probability
